## REGULATIONS GOVERNING THE CHOICE BASED CREDIT SYSTEM FOR THE TWO YEARS (FOUR SEMESTERS) MASTERS DEGREE PROGRAMMES IN THE FACULTIES OF ARTS, SCIENCE AND COMMERCE <br> (Framed under Section 44(1) (c) of the KSU Act 2000)

#### Abstract

Preamble: New challenges in higher education have led to a paradigm shift in reconceptualising this sector in terms of what constitutes Higher Education and what the goals of this education ought to be. Traditional educational systems rely on information based knowledge. However the shortcomings in collapsing the task of knowledge acquisition to largely an exercise in imparting information are increasingly felt in society with profound consequences. The need of the hour is to move towards a more holistic approach that integrates providing of skills and specialized training with the values necessary to make a student into a better human being and a useful member of society. Thus the role of Universities and colleges in the $21^{\text {st }}$ Century extends far beyond traditional knowledge creation and dissemination to encompass new expectations for innovations that will have broader social and economic benefits. Bangalore University wishes to initiate qualitative and substantial changes in its undergraduate and postgraduate programmes, to cater to the needs of students with diverse talents, aspirations and professional requirements.

The University Grants Commission has formulated Guidelines for adoption of uniform Choice-Based Credit System (CBCS) across all the universities in the country and asked all the universities to implement them in all the under-graduate and post-graduate programmes. The State Higher Education Council has also communicated general guidelines in this regard.

The credit based semester system provides flexibility in designing curriculum and assigning credits based on the course content and hours of teaching. The choice based credit system provides a 'cafeteria' type approach in which the students can take courses of their choice, learn at their own pace, undergo additional courses and acquire more than the required credits, and adopt an interdisciplinary approach to learning. Thus the Choice Based Credit Systems make the product of the university at par with the global practices in terms of academic standards and evaluation strategies, retaining the present structures of the undergraduate and post-graduate programmes. In the emerging scenario of Internationalization of Indian Higher Education, it is imperative that the Universities in India should follow this system so that the mobility of their products both within and across the geographical jurisdiction becomes possible. Hence the Bangalore University thought it fit to introduce the Choice Based Credit System in all its Undergraduate and Post-graduate Programmes in the Faculties of Arts, Science and Commerce, effective from the academic year 2014-15. For multifaceted development of students, curriculum emphasizes on wide variety of courses to enhance their knowledge in several core courses. Thus the present postgraduate programmes in various subjects have been restructured to implement the Choice Based Credit Semester Scheme in all its Post-graduate Programmes.

## The Salient Features of the Choice Based Credit System (Semester Scheme):

Each course shall carry certain number of credits. Credits normally represent the weightage of a course and are a function of teaching, learning and evaluation strategies such as number of contact hours, the course content, teaching methodology, learning expectations, etc. In the proposed progammes, the credits shall be based on the number of instructional
hours per week, generally 1 credit per hour of instruction in theory and 1 credit for 2 hours of practical or project work or internship per week. Based on these, a two year or four semester post-graduate degree programme will have credits in the range of 24 to 26 , an average of 25 credits per semester and a total of around 100 credits per post-graduate degree programme.

The other features of the Choice Based Credit System are
a) The Masters Degree Programmes are structured on credit based semester scheme.
b) The courses offered in a Programme may be the core, elective and soft core courses.
c) The relative importance of subjects of study are quantified in terms of credits.
d) The choice based courses may be offered within the faculty and/or across the faculty.
e) The curricula and question papers are unitized.
f) The declaration of result is based on the semester grade point average (SGPA) earned towards the end of each semester or the Cumulative Grade Point Average (CGPA) earned towards the end of the programme as well as alpha - sign grade.

## Definitions of Key Words:

1. Academic Year: Two consecutive (one odd + one even) semesters constitute one academic year.
2. Choice Based Credit System (CBCS): The CBCS provides choice for students to select from the prescribed courses (core, elective, soft core etc. courses).
3. Course: Usually referred to, as 'papers' is a component of a programme. All courses need not carry the same weight. The courses should define learning objectives and learning outcomes. A course may be designed to comprise lectures/ tutorials/laboratory work/ field work/ project work/ vocational training/viva/ seminars/term papers / assignments / presentations/ self-study etc. or a combination of some of these.
4. Credit Based Semester System (CBSS): Under the CBSS, the requirement for awarding a degree /diploma /certificate is prescribed in terms of number of credits to be completed.
5. Credit: A unit by which the course work is measured. It determines the number of hours of instructions required per week. One credit is equivalent to one to two hour of teaching (lecture or tutorial) or two hours of practical work/field work per week.
6. Grade Point: It is a numerical weight allotted to each letter grade on a 10 -point scale.
7. Credit Point: It is the product of grade point and number of credits for a course.
8. Letter Grade: It is an index of the performance of students in a said course. Grades are denoted by letters $\mathrm{O}, \mathrm{A}+, \mathrm{A}, \mathrm{B}+, \mathrm{B}, \mathrm{C}, \mathrm{P}$ and F .
9. Programme: A programme leading to award of a Degree, diploma or certificate.
10. Semester: Each semester will consist of 15-18 weeks of academic work equivalent to 90 actual teaching days. The odd semester may be scheduled from July to December and even semester from January to June.
11. Semester Grade Point Average (SGPA): It is a measure of performance of work done in a semester. It is ratio of total credit points secured by a student in various courses registered in a semester and the total course credits taken during that semester. It shall be expressed up to two decimal places.
12. Cumulative Grade Point Average (CGPA): It is a measure of overall cumulative performance of a student over all semesters. The CGPA is the ratio of total credit points secured by a student in various courses in all semesters and the sum of the total credits of all courses in all the semesters. It is expressed up to two decimal places.
13. Transcript or Grade Card or Certificate: Based on the grades earned, a grade certificate shall be issued to all the registered students after every semester. The grade certificate will display the course details (code, title, number of credits, grade secured).

## 1. TITLE AND COMMENCEMENT:

Total Marks for each course $=100 \%$
Continuous assessment (C1) $=15 \%$ marks
Continuous assessment (C2) $=15 \%$ marks
Semester End Examination (C3) $=70 \%$ marks

## Evaluation process of IA marks shall be as follows.

11.1 The first component (C1), of assessment is for $15 \%$ marks. This shall be based on test, assignment, seminar, case study, field work, project work etc. This assessment and score process should be completed after completing $50 \%$ of syllabus of the course/s and within the first half of the semester.
11.2 The second component (C2), of assessment is for $15 \%$ marks. This shall be based on test, assignment, seminar, case study, field work, internship / industrial practicum / project work etc. This assessment and score process should be based on completion of the remaining 50 percent of syllabus of the courses of the semester.
11.3 During the $17^{\text {th }}-20^{\text {th }}$ week of the semester, a semester end examination of 3 hours duration shall be conducted by the University for each course. This forms the third and final component of assessment ( C 3 ) and the maximum marks for the final component will be $70 \%$.
11.4 In case of a student who has failed to attend the C 1 or C 2 on a scheduled date, it shall be deemed that the student has dropped the test. However, in case of a student who could not take the test on scheduled date due to genuine reasons, such a candidate may appeal to the Program Coordinator / COD / Principal, and the Program Coordinator / COD / Principal in consultation with the concerned teacher shall decide about the genuineness of the case and decide to conduct special test to such a candidate on the date suitable to the concerned teacher but before commencement of the concerned semester end examinations.
11.5 For assignments, tests, case study analysis etc., of C 1 and C 2 , the students should bring their own answer scripts (of A4 size), graph sheets etc., required for such tests / assignments and these be stamped by the concerned department using their department seal at the time of conducting tests / assignment / work etc.
11.6 The outline for continuous assessment activities for Component-I (C1) and ComponentII (C2) of a course shall be as under.

Outline for continuous assessment activities for C 1 and C 2

| Activities | C 1 | C 2 | Total Marks |
| :--- | :--- | :--- | :--- |
| Session Test | $10 \%$ marks | $10 \%$ marks | $20 \%$ |
| Seminars etc. | $05 \%$ marks |  | $05 \%$ |
| Case study / Assignment / <br> Field work / Project work etc |  | $05 \%$ marks | $05 \%$ |
| Total | $15 \%$ marks | $15 \%$ marks | $30 \%$ |

- For practical course of full credits, Seminar shall not be compulsory. In its place, marks shall be awarded for Practical Record Maintenance.
- Conduct of Seminar, Case study / Assignment, etc. can be either in C1 or in C2 component at the convenience of the concerned teacher.
- The teachers concerned shall conduct test / seminar / case study, etc. The students should be informed about the modalities well in advance. The evaluated courses /
assignments during component $\mathrm{I}(\mathrm{C} 1)$ and component II (C2) of assessment should be immediately shown to the candidates and the acknowledgement be taken to that effect by the concerned teachers(s) and maintained by the Chairperson in case of a University Post-Graduate Department and the Principal / Director in case of Institutions. The evaluated test, assignment etc. of C 1 and C 2 shall be obtained back to maintain the same till the announcement of the examination results of the concerned semester.
11.7 The marks of the internal assessment shall be notified on the notice board of the department / college for information of the students.
11.8 The Internal Assessment marks shall be communicated to the Registrar (Evaluation) at least 10 days before the commencement of the University examinations and the
11.9 The consolidated Internal Assessment marks statement of C1 and C2 shall be submitted to the Registrar (Evaluation) at least 10 days prior to the commencement of semester end examination. The Registrar (E) shall have access to the records of such periodical assessments.
11.10 There shall be no minimum in respect of internal assessment marks.
11.11 Internal assessment marks shall be shown separately in the marks card. A candidate who has failed or rejected the result, shall retain the internal assessment marks.

12. REGISTERING FOR THE EXAMINATIONS: A candidate shall register for all the papers in the subject of a semester when he/she appears for the examination of that semester for the first time.

## 13. VALUATION OF ANSWERSCRIPTS:

13.1 Each written paper shall be valued by one internal examiner and one external examiner. Each practical examination shall be jointly conducted and evaluated by one internal examiner and one external examiner or two external examiners if there are no internal examiners. But not by two internal examiners.
13.2 If the difference in marks between two valuation is more than $15 \%$ of the maximum marks, the Registrar (Evaluation) or his nominee shall check the entries and the total marks assigned by the two valuers. If there is any mistake in totalling, it shall be rectified. While checking the total, if it is observed that any one or more of the answers is not valued by one of the valuers, the Chairman, BOE shall advise internal members of the Board of Examiners to value that answer. After receiving the marks, the Chairman, BOE shall make the necessary corrections. Despite all these corrections, if the difference between the two valuations is still more than $15 \%$, the Chairman, BOE shall arrange for third valuation by examiners from the approved panel of examiners.
13.3 In case of two valuations, the average of the two valuations and if there are three valuations, the average of the nearest two valuations shall be taken for declaring results. The candidates not satisfied with the results may apply for photocopies of the answer scripts and / or challenge valuation.

## 14. CLASSIFICATION OF SUCCESSFUL CANDIDATES:

The results of successful candidates at the end of each semester shall be declared on the basis of Percentage of Aggregate Marks and in terms of Semester Grade Point Average (SGPA) and Eight Point Alpha - Sign Grading Scale. The results at the end of the fourth semester shall also be classified on the basis of Percentage of Aggregate Marks and on the basis of the Cumulative Grade Point Average (CGPA) obtained in all the four semesters and the corresponding overall alpha - sign grade. An eight point grading system, alpha - sign grade as described in Tables I and II below shall be adopted.

The Semester Grade Point Average (GPA) in a Semester and the Cumulative Grade Point Average (CGPA) at the end of the fourth semester shall be computed as follows:

### 14.1 Computation of Semester Grade Point Average (SGPA):

The grade points (GP) in a course shall be assigned based on the basis of actual marks scored in that course as per the Table I. The Credit Points (CP) shall then be calculated as the product of the grade points earned in the course and the credits assigned for the course. The total CP for a semester is obtained by adding the CP of all the courses of the semester. The SGPA for a semester is computed by dividing the total CP of all the courses of study by the total credits for the semester.

### 14.2 Calculation of Cumulative Grade Point Average (CGPA):

The Cumulative Grade Point Average (CGPA) at the end of the fourth semester shall be calculated as the weighted average of the semester grade point averages (SGPA). The CGPA is obtained by dividing the total of semester credit weightages by the maximum credits for the programme.

## Programme Alpha Sign Grade: A

These are the sample illustrations of computing semester grade point averages and cumulative grade point average and the alpha - sign grades assigned.

## 15. MINIMUM FOR A PASS:

15.1 A candidate shall be declared to have passed the PG program if he/she secures at least a CGPA of 4.0 (Course Alpha-Sign Grade P) in the aggregate of both internal assessment and semester end examination marks put together in each unit such as theory papers / practicals / project work / dissertation / viva-voce.

No candidate shall be declared to have passed the Semester Examination as the case may be under Part I / Part II / Part III unless he/she obtains not less than 35\% marks in written examination / practical examination and $40 \%$ marks in the aggregate of written / practical examination and internal assessment put together in each of the subjects and $40 \%$ marks (including IA) in Project work \& viva wherever prescribed.
15.2 The candidates who pass all the semester examinations in first attempts are eligible for ranks provided they secure at least a CGPA of 6.00 (Alpha-Sign Grade B+).
15.3 The results of the candidates who have passed the fourth semester examination but not passed the lower semester examinations shall be declared as NCL (Not Completed Lower semester examinations). Such candidates shall be eligible for the degree only after completion of all the lower semester examinations.
15.4 A candidate who passes the semester examinations in parts is eligible for only Class / CGPA and Alpha-Sign Grade but not for ranking.
15.5 There shall be no minimum in respect of internal assessment.
15.6 A Candidate who fails in any of the unit / project work / Project Report / dissertation / viva-voce shall reappear in that unit / project work / Project Report / dissertation / viva-voce and pass the examination subsequently.
16. CARRY OVER PROVISION: Candidates who fail in lower semester examinations may go to the higher semesters and take the examinations.
17. REJECTION OF RESULTS:
i. A candidate who fails in one or more papers of a semester may be permitted to reject the result of the whole examination of that semester. Rejection of result paper wise shall not be permitted. A candidate who rejects the results shall appear for the examination of that semester in the subsequent examination.
ii. Rejection shall be exercised only once in each semester and the rejection once exercised shall not be revoked.
iii. Application for rejection along with payment of the prescribed fee shall be submitted to the Registrar (Evaluation) through the department/college together with the original statement of marks within 30 days from the date of publication of the result.
iv. A candidate who rejects the result is eligible for only class and not for ranking.

## 18. IMPROVEMENT OF RESULTS:

i) A candidate who has passed in all the papers of a semester may be permitted to improve the result by reappearing for the whole examination of that semester.
ii) The reappearance could be permitted twice during double the period without restricting it to the subsequent examination only. The regulation governing maximum period for completing various degree/ diploma programme notified by the University from time to time shall be applicable for improvement of results also.
iii) The student could be permitted to apply for the improvement examination 45 days in advance of the pertinent semester examination whenever held.
iv) If the candidate passes in all the subjects in reappearance, higher of the two aggregate marks secured by the candidate shall be awarded for that semester. In case the candidate fails in the reappearance, candidate shall retain the first appearance result.
v) A candidate who has appeared for improvement is eligible for class only and not for ranking.
19. Internal assessment marks shall be shown separately in the marks card. A candidate who has rejected the result or who, having failed, takes the examination again or who has appeared for improvement shall retain the internal assessment marks already obtained.
20. A candidate who fails in any of the semester examinations may be permitted to take the examinations again at a subsequent appearance as per the syllabus and scheme of examination in vogue at the time the candidate took the examination for the first time. This facility shall be limited to the following two years.

## 21. POWER TO REMOVE DIFFICULTIES

i) If any difficulty arises in giving effect to the provisions of these regulations, the ViceChancellor may by order make such provisions not inconsistent with the Act, Statutes, Ordinances or other Regulations, as appears to be necessary or expedient to remove the difficulty.
ii) Every order made under this rule shall be subject to ratification by the Appropriate University Authorities.
22. Repeal and Savings: The existing Regulations governing two years Masters degree programmes in the faculties of Arts, Science and Commerce shall stand repealed. However, the above Regulations shall continue to be in force for the students who have been admitted to the course before the enforcement of this regulation.
